**You,
Be the
Hope!**

Dear Young People, Hopes of Our World

Bandırma Onyedi Eylül University, a new generation state university of our country, has 26 years of history and welcomes the 5th academic year with more than 114 academic departments and programs. Our university, which carries the quality of education to international level and quality with respected scholars, continues to increase its place in the academic performance ranking every year.

We know that knowledge is important in every age and that knowledge is the basis of important developments in the world. We believe that knowledge will carry our university and you to the future we desire. We aim to be a university that does not only use knowledge but also produces it, and has a say in the future of our country.

With the education you will receive at our university, you will take part in global competition, you will reach prestigious positions in your professional career and you will turn into a great hope for our country and humanity.

Our university will support you throughout your education with modern and equipped classrooms, conference halls, application and computer laboratories, sports and social equipment areas. With our rapidly developing library of hundreds of thousands of printed and e-books, you will be able to access accurate and global information resources easily. You will be able to make friends from different parts of the world and continue your education abroad with our exchange programs.

Dear Students

I want you to know that the light in your eyes is a source of power and excitement for us. This light will be brighter at our university and enlighten not only your own future but also the future of this world.

I wish you all my best and wish you success in your education. Be the hope for our world.

Prof. Dr. Süleyman Özdemir
Rector
